

WE CAN HELP YOU MANAGE YOUR FINANCES

- From paying your bills to completing your Tax Return
- Reasonable agreed fixed weekly rates
- Free first meeting either at our offices or at your home to discuss your needs and our service

AWG Solicitors offer not only professional legal advice but also practical assistance in a range of other ways – we tailor the help we give you to suit your individual needs.

Typical services we offer to older people especially are:

1. Administration – we can arrange to receive all incoming mail on your behalf, process it and supply ongoing summaries as to the content of such mail and the action we have taken in response to it or we can visit you once a month to collect your post and deal with any matters arising.
2. We can ensure that your financial records are kept up to date.
3. We can help you with tax returns and ensure that you pay your taxes.
4. We can make arrangements with care providers to enable you to remain in your own home as long as possible.
5. When and if the time comes, we can give you whatever help you may need on selecting the best residential or care home for you, to include advising and ensuring that the terms of your contract with the Care Home are right for you.
6. We can undertake a thorough health check of your finances and advise you as to the best way to finance your long term care.
7. We can ensure that you receive all the assistance (both financial and otherwise) from the State to which you are entitled. There is a great variety of help available, but it's easy to miss out on some financial or other help unless one keeps a watchful eye on the regulations. Our staff know what is available and can ensure you receive the right help at the right time.

8. We can keep proper financial accounts of what is happening to your money.

Financial records are desirable. We prepare accounts in an easy to understand way. In our experience this reduces substantially, and will often eliminate, the extent to which any interested party can raise arguments about the way that Attorneys or relatives have handled your affairs on your behalf over the years.
